Kaló™

You've got questions, we've got answers.

What is Kaló?

It's an absolutely delicious hemp-infused seltzer. It tastes good and helps you feel good too.

What is Hemp?

Hemp is a super plant that has tons of healthy and medicinal properties. That's where our Cannabinoids come from.

Is this good for me?

Cannabinoids has been known to reduce stress, anxiety, pain and inflammation. That's why it says "Feel Good" on the can!

When should I drink it?

Anywhere, anytime. You can drink it on the beach, replace your morning coffee, recharge for that 3 pm meeting, or use Kaló as an amazing mixer.

Is Hemp legal?

This is legal in every state in the US.

Who can drink Kaló?

We're for everyone - no matter what you need. We're inclusive. We taste good, and feel really good too.

Where's the hemp from?

Our hemp is grown right here in the USA with no pesticides, and is Non-GMO.

Does it get you high?

Absolutely not. Marijuana gets you high because of the THC. There is **no THC detectable** in Kaló.

Where's Kaló from?

We started on a farm in NJ but have big dreams for the North-East region and the broader US!

What does water soluble mean?

We created a new way to capture all of the natural compounds in the plant for your body to absorb. It's also why you should start to feel good fast. (Technical explanation - you get all the vitamins, minerals, antioxidants, cannabinoids and terpenes in the plant).

I take CBD oil, is this different?

Your body has a hard time breaking down oil. So if you take a tincture, your body is only getting about 10% of what's in it. We use a water-soluble technology that lets your body absorb closer to 99% of our extract.

How come I don't taste the oil?

We've created a water-soluble technology to capture what's in the hemp plant rather than the oil most other products use, which is why you don't get that weird aftertaste.
